Country boys . . . those range-y, trim but muscular bodies . . . stripped to the waist . . . working in the afternoon sun . . . those tight levis . . . clearly outlining big, thick, long, home-grown cocks . . . made even bigger by all that late-night hand action these hot, horny young studs give them . . . and . . . while working over an old truck . . . trying to get it into action . . . they find there is another kind of action they are more than willing to get into . . . at least give a chance . . . one of the raunchy young studs presses his huge, rapidly stiffening prick right against his buddy's thigh . . . instead of drawing away . . . his buddy presses back against that big hard fuck tool being shoved up against him . . . before long they are going at it . . . giving each other the same kind of hot hand action they have been giving themselves . . . late at night . . . in their own rooms . . . in their own beds . . . the grunting and moaning starts . . . just like when they are doing it for themselves . . . only now it's a lot better because a buddy has his fist wrapped around that huge, hard, hot fuck rod . . .

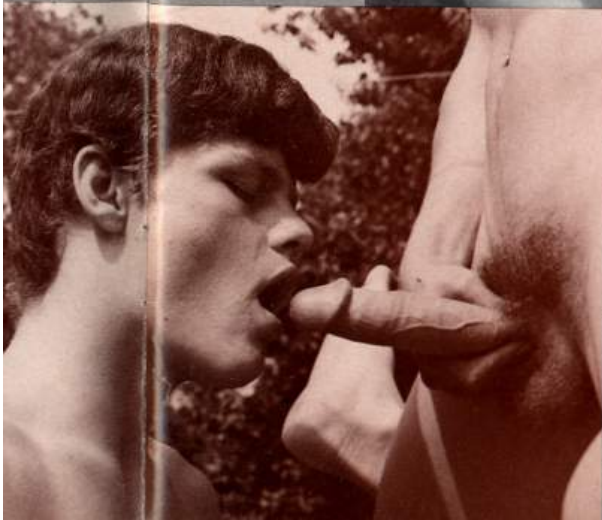

The other stud . . . a lot older than these two kids . . . checks out the action . . . his cock is hot and throbbing under his tight levis . . . he has to whip it out and start giving it some fast, hard hand action . . . while he watches the other two . . . but . . . this stud . . . the older one . . . wants a lot more than just one of the kid's *hands* wrapped around his big tool . . . when the youngest one reaches for it . . . he pushes that hand away and presses his prick against the kid's face . . . at first the kid tries to turn his head . . . but the big, older dude grabs him by the hair and starts forcing his big prick into that young, sweet mouth . . . the young kid can't resist just one taste . . . especially since he's so turned on from the hot hand action his other buddy is giving his straining, blood-engorged prick . . . before too long he is really going after that huge prick in his mouth . . . sucking like he can't get *enough* . . . and . . . soon *all three* hot young studs are doing *exactly* the same thing . . . taking cocks deep in their throats . . . and . . . *all the way* into tight virgin assholes . . .

Rough Truckin'

A couple of hard-up truckers . . . and not a cocksucker in sight . . . they've been to all the regular shitters along their regular highway route . . . but . . . no luck . . . they both know why they stop at the Johns they do . . . only . . . they don't discuss it with each other . . . it is something unspoken between them . . . but they know . . . and they know the other dude knows too . . . still . . . they always make a big thing of waiting outside until the other one is finished . . . then the one who has waited . . . they take turns . . . takes his buddy's place at the pisser . . . and before long . . . he's shoving that huge, stiff cock of his down a hot, hungry, sucking throat . . . just like he knows his buddy before him has done . . . even the feel of the cum in that throat makes him get off harder and faster . . .

H i g h

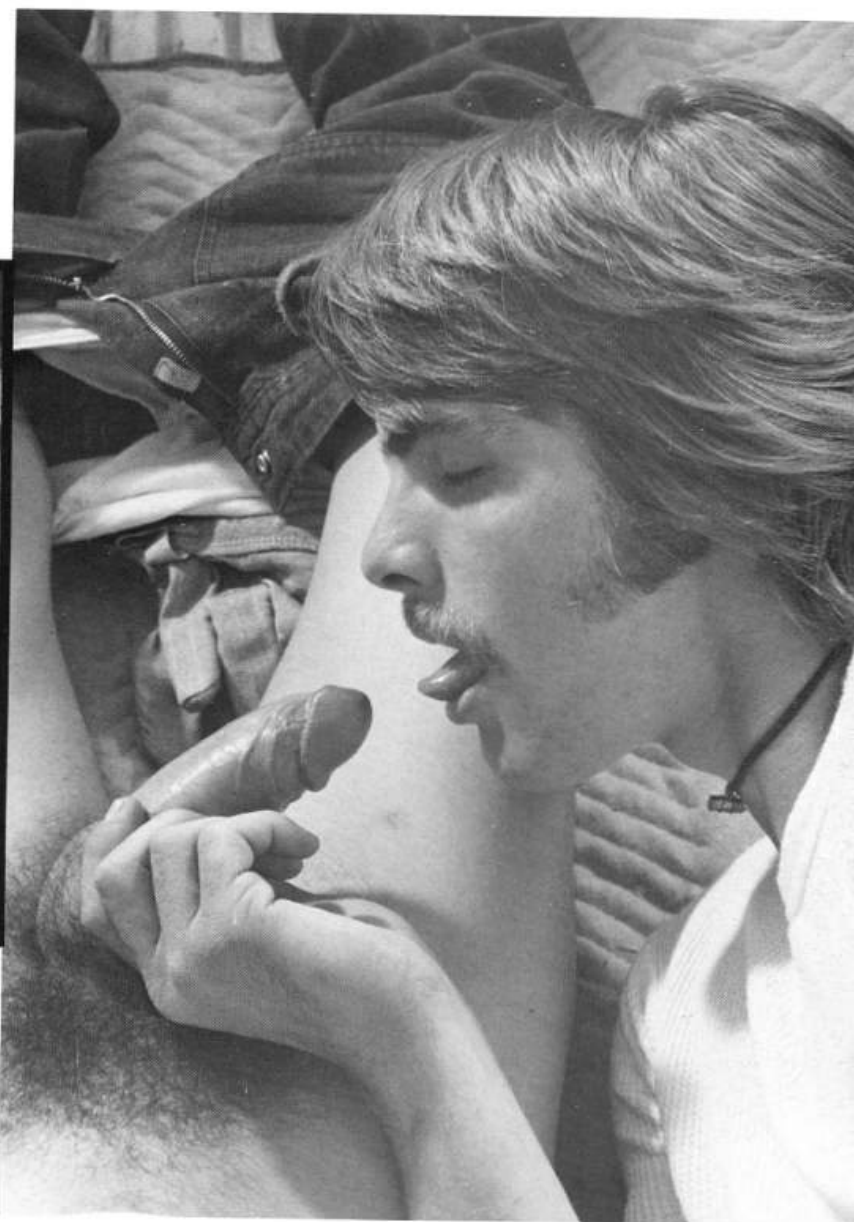

But . . . this night . . . not only is the highway deserted . . . all the shitters are too . . . both horny studs are sporting big stiffers . . . sticking up . . . tenting their tight levis . . . finally the stud who is sitting in the passenger seat can't take it anymore . . . he is so hot . . . his big dick is so hard . . . he almost had to jack-off at the last shitter . . . he would have, too . . . except his trucking buddy realized there wasn't a hot-mouthed cocksucker in there and walked in on him just as he was about to shoot out a load all over that hard-on producing shit house . . . he whipped it back in his pants fast . . . but not fast enough to hide it from his buddy . . . that stud started working his own big hot cock back and forth while it was still in his pants . . . until he almost shot off all over himself . . .

They had stopped just in time ... after climbing back in the truck ... the dude who was doing the driving kept checking out his buddy's huge crotch ... while still feeling himself up ... finally the driver couldn't take it anymore ... he started talking about how sorry he was there was no hot-mouthed cocksucker in the shitter ... the other guy could only moan in agreement ... while working his big stiffer still in his tight pants ... but not for long ... that talk was too much for him ... he grunted that he had to take it out ... give it a fast, hot, hard workout ... that was all his driving buddy needed to hear ... they both whipped out their big fuck tools ... working them in those gripping fists as fast as they could ... doing it faster and harder because they knew their buddy was watching ...

It was the driver who reached over first ... getting a big handful of his buddy's hot, lube-dripping prick ... he'd been watching it so long ... knowing what he really wanted to do ... that he couldn't resist ... his buddy just moaned and thrust his big stiffer into that clutching fist ... fast and hard ... and he took the driver's huge prick in his fist ... they worked each other's big, blood-distended man rods for a long time ... always coming close ... but ... stopping just short of shooting out cum loads all over the truck and each other ... because they knew ... both of them knew ... what they were going to do ... the truck pulled over to the side of the road ... they stared at each other for a long second ... then ... at exactly the same time ... took each other's big hot, hard cocks deep in their throats ...

What the hell is a horny young security guard supposed to do . . . especially when he's got a huge piece of fuck meat hanging almost to his knee . . . driving around the outer edges of the oil field . . . and . . . there right in front of him . . . out in the fucking open . . . right beside the road . . . some fucking cocksucker is taking hot, hard cock down his throat . . . and . . . that huge cock is attached to one of the best fucking riggers in the whole field . . . well . . . naturally the guard is supposed to report the two fuckers . . . supposed to . . . but . . . the way his giant fuck rod springs up in his tight pants from just watching that hot suck scene there in front of him . . . well . . . what's a guy to do . . . especially when it's been too long . . . much too fucking long . . . since he's rammed his own big, hard, hot dong down the wet, hot throat of some cock-loving young stud . . . of course . . . he could just sit there in the company jeep . . . knowing these two would be so busy with their hot sex action that they'd never see him until it was too late . . . and whip that big aching cock out of his pants . . . then . . . jack out a hot load of cum . . . shooting it all over himself and the jeep too . . . but . . . that would be such a fucking waste . . . especially since he'd much rather ram his long fuck rod down the cocksucker's throat . . . then . . . drown that fucker with gush after gush of hot, nut-busting, cock-exploding man cum . . .

The guard just can't take it anymore . . . just as his huge, hard, hot prick is about to spurt out its load . . . he hops out of the jeep . . . still jacking his big fuck tool . . . yelling to the two guys . . . deep into that fast, hard suck job . . . they don't even pause . . . the kid on his knees working the rigger's big male tool over with his wet, sucking mouth . . . doesn't miss a lick . . . but . . . with that thing shoved all the way down his throat . . . starts working the security guard's pants down . . . then . . . pushes the guard back . . . over the tailgate of the jeep . . . In a flash both of the horny dudes are all over that guard . . . each of them seeming like they can hardly wait to taste that big, thick dong . . . the rigger has never gone that route before . . . but . . . figures if he is going to start . . . then he may as well start with this huge juice-filled cock . . . he licks off the lube the big prick has drooled all over the guard's pants . . . the kid is working on the stud's nuts . . . both those actions are really driving the guard nuts . . . he is ready to do anything . . . anything . . . just to blast out that hot load of nut juice building up inside his aching, screaming balls . . . and . . . everything . . . everything . . . is just what these two hot fuckers intend to give that turned-on guard . . . the kid . . . still sucking . . . shoves his finger up the guard's twitching asshole . . . while the rigger shoves his hot, hard prick down the guard's throat . . . just for starters . . .
